

North American Distributor:

**Burton
Corblin**

Process Gas Compressors

ANNOUNCEMENT

December 2002

We are pleased to announce that Gas and Air Systems, Inc. has been appointed exclusive distributor of Burton Corblin Process Gas Compressors in North America.

Gas and Air Systems of Hellertown, PA, a Weldship Group Company, is a well respected compressor distributor / packager with an established Customer Service capability.

Gas and Air Systems responsibilities include the Sales, Engineering, Assembly and Testing of new Compressor Packages built to the highest customer and industry standards. In addition, Gas and Air Systems, Inc. inventories a supply of genuine Burton Corblin factory approved replacement parts, and provides factory trained Field Service Technicians.

Effective immediately, all inquiries and orders for Burton Corblin products should be directed to:
